Washington State Recycling Association presents:

Washington Recycles Day

November 14, 2002
Seattle Center, Seattle WA
Northwest Rooms

Trade Show 9:00 - 6:00

Tract 1:

Business & Campus Facilities

Tract 2 :

Government & Recycling Professionals

✧ Successful Business Recycling Programs

9:00 am
Learn from cutting edge businesses about how to implement cost saving recycling programs in variety of industries. Speakers include representatives from Ray's Boathouse, the Sheraton Hotel and Mithun Architecture.

Trade Show Open!

✧ Conservation Programs that Assist Businesses

10:30 am
Ever wonder what programs are available to assist business owners to find ways to conserve resources? Representatives from the Business and Industry Resource Venture, King County, Seattle Public Utilities, Seattle City Light, the Environmental Coalition of South Seattle and the Local Hazardous Waste Management Program will connect you.

noon **Lunch and Trade show**

✧ Recycling Electronic Equipment 101

1:30 pm
At some point, you will need to get rid of outdated electronic equipment. What are the regulations? Do you know how to select an environmentally responsible electronics recycler? What happens to equipment that is exported to Asia for recycling? Answers to these and other questions will be learned from the Basal Action Network video, "Exporting Harm" and presentations from the City of Seattle and King County.

✧ Recycling resources for electronic equipment

3:00 pm
How should you manage your old, unwanted electronic equipment? Derek Young from REI talks about his experience securing an environmentally friendly recycling provider. Electronics recyclers Total Reclaim and Waste Management will present their range of electronics recycling services.

Can my bottle mingle with your paper?

Many cities in Washington now have "modified commingled" curbside recycling collection. Others maintain "source separated" programs. If we throw it all in the same bin, are there more recyclables recovered? What's the deal with glass in the mix? Are the materials still marketable? Case study presentations and representatives from recycling haulers, processors, and end users will explore this issue.

Exhibitor Reception 4:30 - 6:00

Registration

All Day (includes lunch)

☐ \$65 WSRA & BOMA Members

☐ \$75 Non-members

☐ Add \$20 for 6 ✧ Real Estate Clock Hours
